SUBJECT: Dean, Teri #1153665

I met with Offender Dean today regarding a recent PREA allegation. She stated she would not have come forward about what was happening, but her name was mentioned by another offender. She said she just took it as part of prison life. Today, she reported that Officer Bearden touched inappropriately many times while she was cutting his hair. She also said he cornered her in the recreation closet and put his hand down her pants. She said there was no penetration, but that he did try. She also stated other officers have touched her inappropriately during haircuts and other times. She reported she had been penetrated by an officer's hand before. However, she would not give me any names of officers because she said she is afraid of repercussions. She said she already thinks officers and staff are treating her differently because of this, and she said officers who have escorted her to meet with an investigator about this, have stated, "I don't believe he did this."
